PENDANT **LIGHTING**

We are delighted to introduce our unique collection of pendant lighting. Our pendants reference Britain's great industrial heritage and use colour to celebrate contemporary design. With three distinctive shapes in a number of different finishes, our lights can be used to transform an array of spaces. Our pendants are hand spun from solid steel & finished in copper or nickel. Each light is made to order and we are more than happy to create bespoke colours and finishes if desired. *We hope that you will be inspired and illuminated by our exclusive lighting range.*

6.

METALLICS

Our Metallic Collection includes shimmering hammered copper and glossy nickel. All pendants are available in an entirely metal finish or can be coloured in complementary greys if a more contemporary look is desired. The hammered copper finish achieves a warm dappled light and our sleek nickel pendants create beautifully unexpected reflections. Our exclusive burnished pendants make a statement in any room. Each pendant is burnished by hand making each light completely unique. The burnishing technique creates a distinct swirling pattern and reveals beautiful layers of deep colour and texture within the copper, which when lit, creates a translucent feel.

49507SG - Sage Green Brindley Pendant

16. ACCENTS

Our Accent Collection includes subtle pastel and neutral colours in a delightfully matt finish. All our pastel pendants have a glossy white interior that bounces light and are completed with a copper rim. They are perfect for introducing a subtle accent colour in any room. Our full colour pendants are available in a selection of neutral shades and the completely matt finish creates a contemporary feel.

BESPOKE PENDANTS

If you wish to have a pendant in an alternative colour we are more than happy to create a light that is tailored to you. We can colour the interior of your pendant to match or contrast with the exterior. Alternatively, we can work with you to create an entirely new colour. Just choose from our three distinctive pendant shapes.

If you would like to create a bespoke pendant light please contact us for further information.

CEILING ROSES

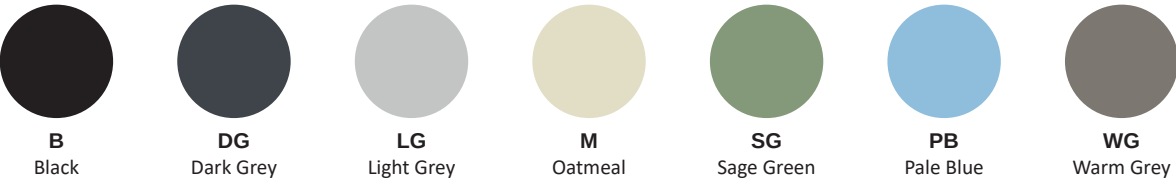

Our pendants are supplied fully wired with a matching ceiling rose, all fixings and detailed fitting instructions. If you choose to have a coloured pendant, then the ceiling rose will be coloured all over to match. Please ask if you would prefer the ceiling rose to be in a different colour. You can choose to have any of our standard colours at no extra cost or opt for a bespoke colour.

STANDARD COLOURS

As well as a bare copper or nickel finish, we offer several different standard colour options in a matt and finely textured finish. All our pendants are available in our seven standard colours and you can choose to mix and match them for the interior and exterior at no extra cost. Don't forget that we can also finish your pendant in almost any RAL colour. For more information about bespoke colours please contact us.

Our standard colour options are as follows;

LEAD TIMES

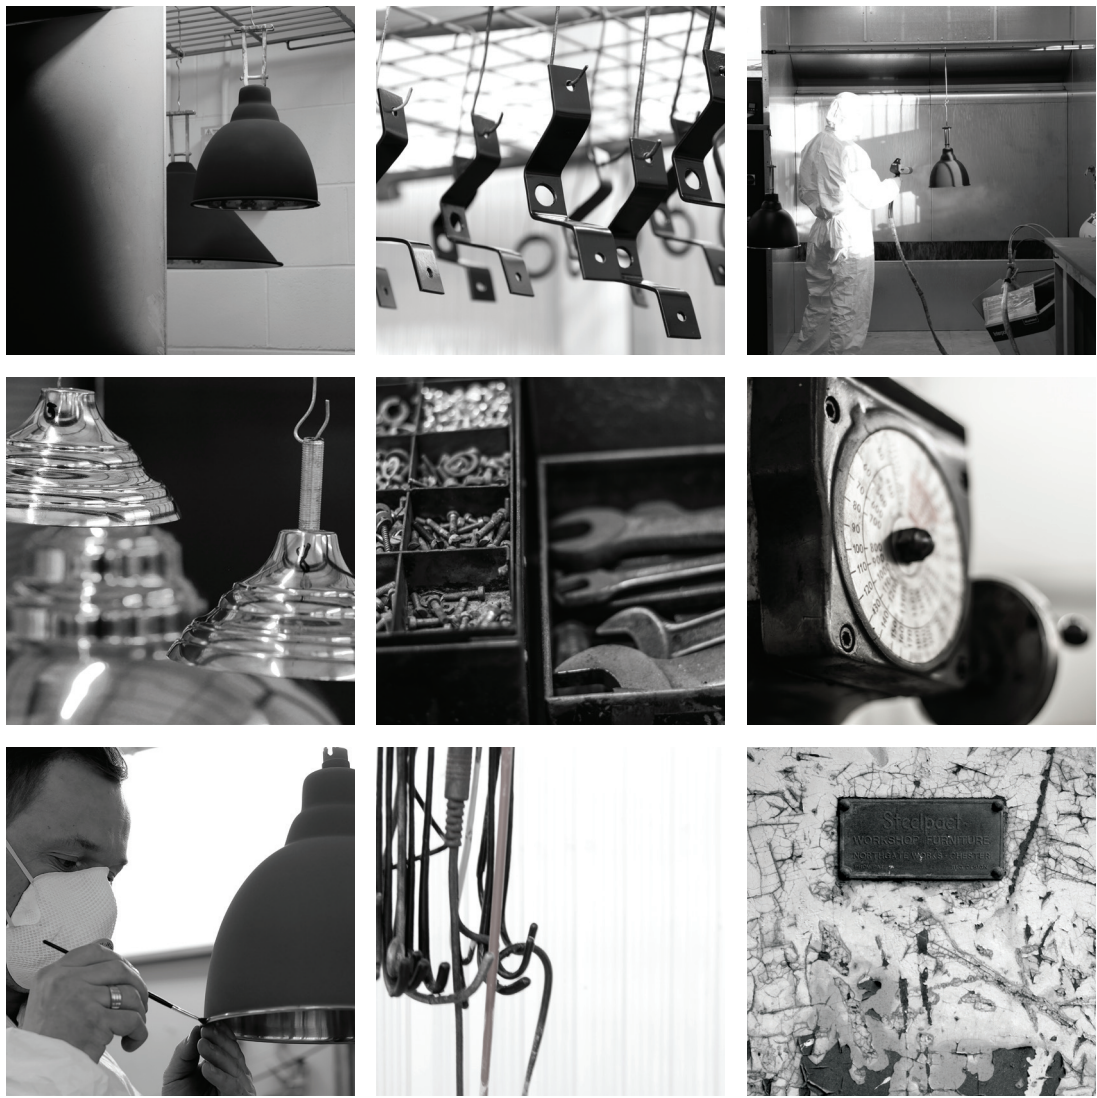

From The Anvil pendants are made-to-order and so delivery times may vary depending on order quantities.

- Delivery for our standard pendants is two to three weeks from the date of order.
- For bespoke pendants please allow a delivery time of up to six weeks.

RETURNS

If you are unhappy with your purchase, you can return the items to us within fourteen days of receipt of your goods for a full refund. Whilst we are willing to pay carriage costs on any damaged products, should you simply not like the goods and wish to return or exchange them, items must be returned at your own cost. All returned items should be unused, returned in their original packaging and in a fully resalable condition.

Our refund policy does not apply to **bespoke** products, which cannot be returned or exchanged.
